

# Pediatric Dermatology Nursing Conference

9<sup>th</sup> Nov 2024, 1.30 pm - 5.00 pm

Venue : National Skin Centre  
Chan Heng Leong Lecture Hall, Level 3  
1 Mandalay Road Singapore 308205

Organized by

Atopic Dermatitis (AD) is a highly pruritic, chronic-recurrent inflammatory skin condition associated with erythematous lesions that affect a significant proportion of the population and is the most common disease affecting children from the first year of life. This conference is geared to address practical problems in children with atopic dermatitis with multi-disciplinary team approach, including learning from the dermatologist, pharmacist, and various nursing specialists in dermatology, paediatric and psychiatric. An exceptional opportunity to network with the nursing field experts from various institutions.
